How to ACCESS your Manager Portal?

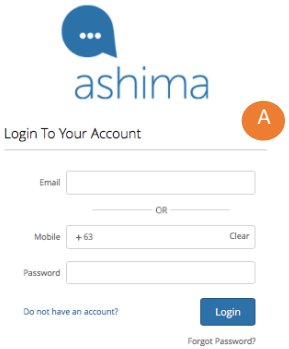

1. Login to Ashima (www.ashima.ph) A

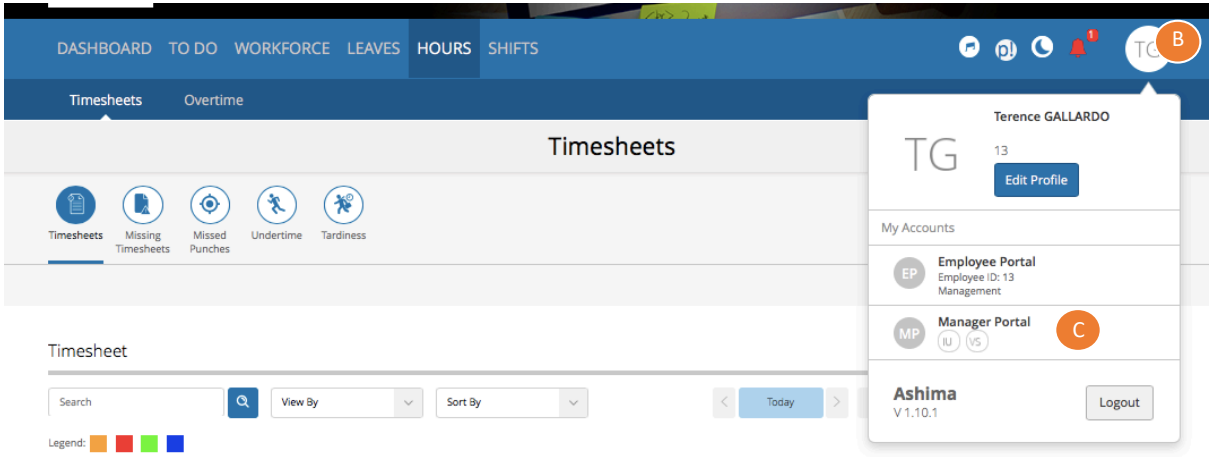

2. Once logged in you will be directed to your own Employee Portal where you can manage your own timesheets, leaves and to do's

3. If you have employees reporting directly under you, you will have a corresponding Manager Portal along with your Employee Portal.

3. Click on your profile image on the upper right hand side of the page to view a drop down allowing you to choose which portal to view. B

4. Toggle/click on the Manager Portal link so you can manage the timesheets, leaves, etc. of people reporting directly to you C

How to FILTER function for a quick view of timesheets with possible errors?

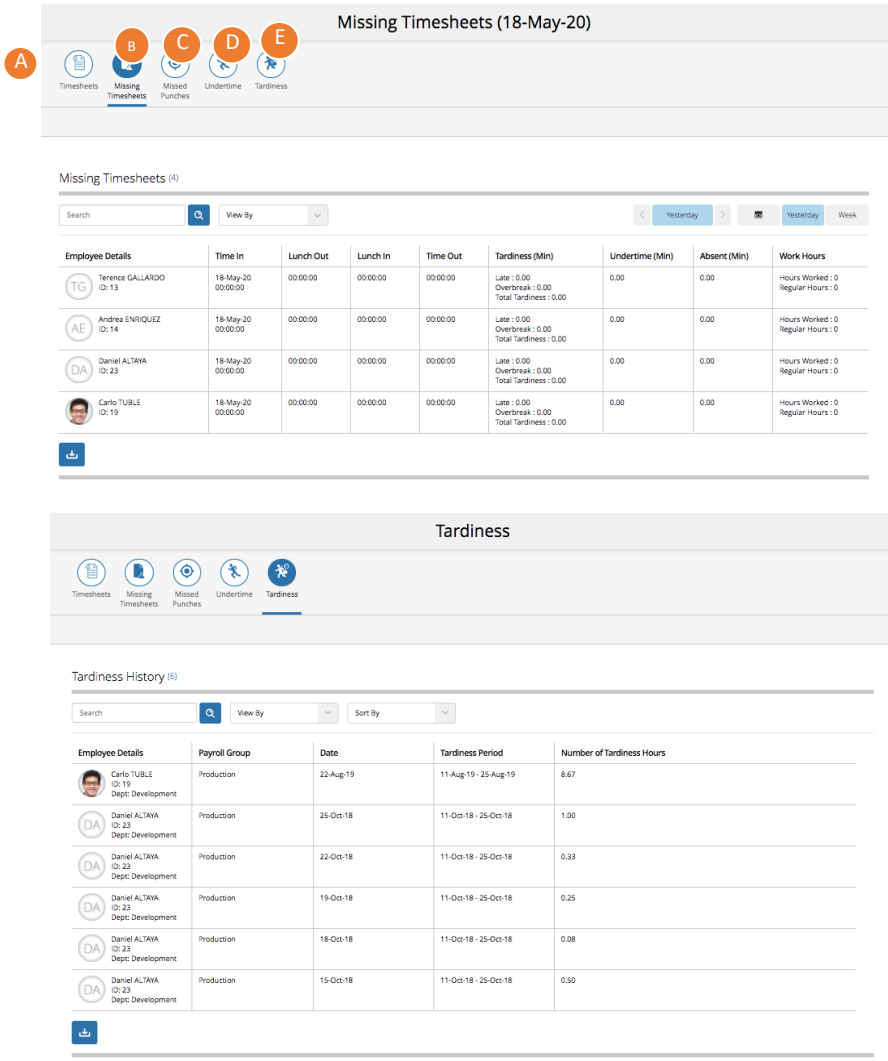

1. Use the circular filter tabs found on the top of the table to get a filtered listing of timesheets with possible errors. Possible errors can be any of the following: missing timesheets, missed punches, tardiness and undertime. A

2. Click on the **Missing Timesheet** tab to view a list of employees who are no shows - no logs for the duration of their shift. B

3. Click on the **Missed Punches** tab to view a list of employees who missed a punch based on their assigned shift (i.e failed to log lunch breaks, etc.). C

4 Click on the **Undertime** tab to quickly view employees who clocked out earlier than their assigned shift. The report will list down the names and the number of undertime hours. D

5. Click on the **Tardiness** tab to quickly view the employees who who are late for work. The report will list down the names and the number of hours they were late. E

How to VIEW timesheets of employees directly reporting to you?

1. Login to your Manager Portal.

2. Go to HOURS > TIMESHEET > Timesheets. A → B

4. The table will display the latest imesheets of employees directly reporting to you - this is your 1st level view. C

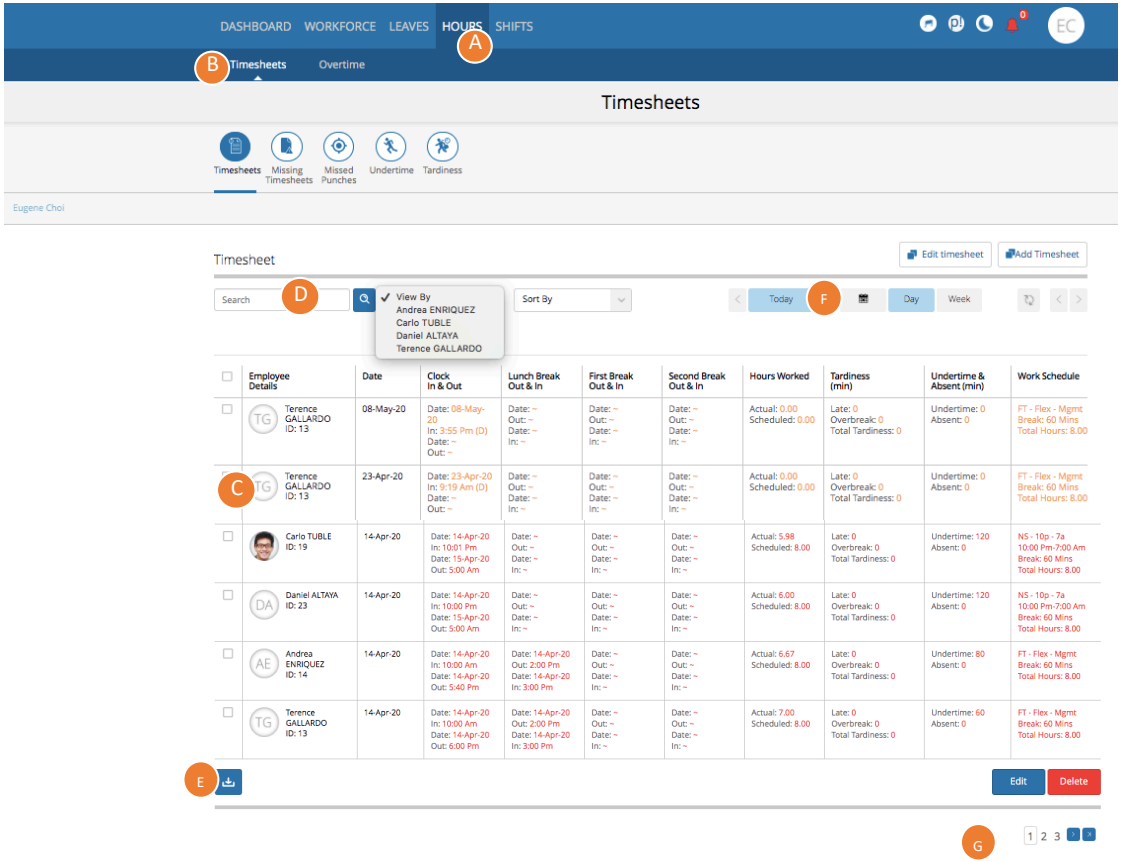

5.Use the search field to look for timesheets of employees directly reporting to you. D

6. Use the download button to download timesheets of employees directly reporting to you. E

. Note: downloading of timesheets is limited only to employees reporting directly to you

7. Use the date filter to limit timesheets viewed to a particular date. F

8. Use the pagination to move to more timesheet results. G

How to DRIL DOWN and VIEW multi level timesheets?*

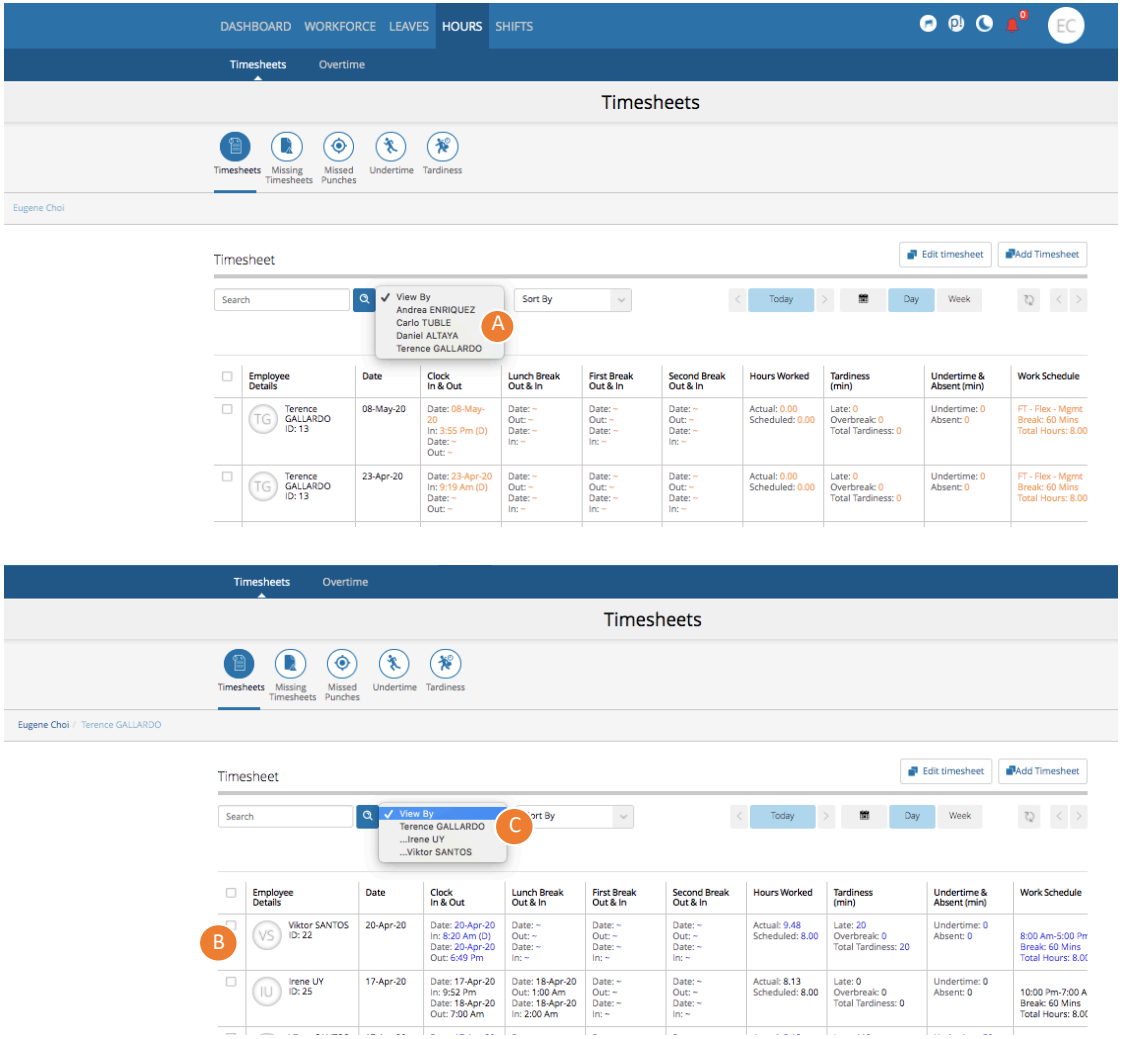

1. To view timesheets of employees assigned to your team leads (your direct reports) use the “view by” drop down filter.

2. The “view by” drop down will initially list the team leads who in turn have employees reporting under them. On the drop down click on the name of a specific team leader to view the timesheets of everyone under his team. A

3.The table will update to display timesheets of employees reporting directly to said team leader – this is your 2nd level view. B

4. While on 2nd level view, click on the “view by” filter again (if you want to drill down further) and the name of the employees under the team lead who have supervisory roles (with employees directly reporting to them) will be displayed. C

*This function requires admin to enable the drill down multi-level timesheet settings.

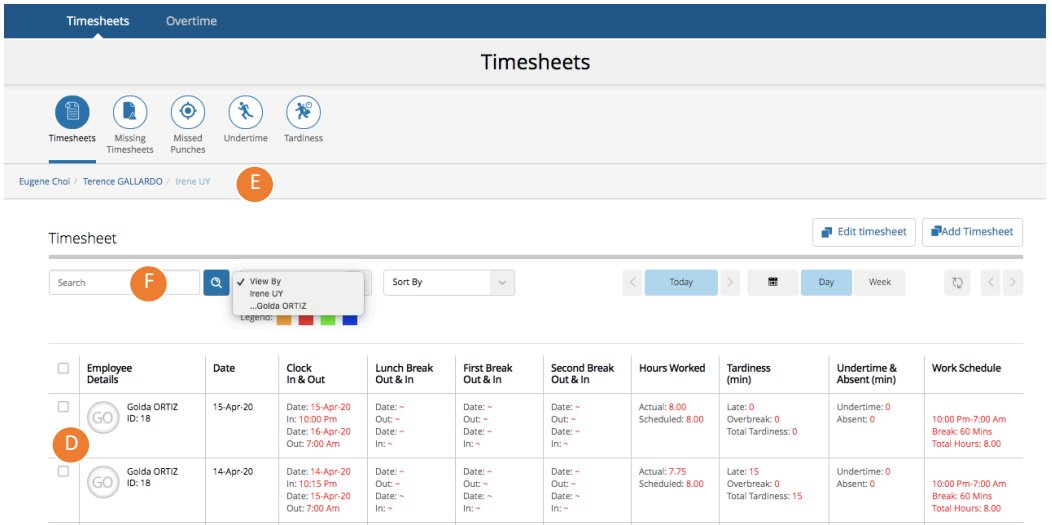

How to DRILL DOWN and VIEW multi level timesheets?*

5. Click on the name of a specific supervisor to view the timesheets of employees reporting directly to the supervisor – this is your 3rd level view.

6. Use the breadcrumbs as a guide to know which drilled down level you are viewing (which specific team).

7. Use the search field to search for names under the current team view you are at. Search will only look for timesheets of employees under the curret drilled down team list you are viewing.

*This function requires admin to enable the drill down multi-level timesheet settings.

* This function requires admin to enable the drill down multi-level timesheet settings.

How to EDIT timesheets of an employee?**
